

Editors Ramblings

Well its happening again, Yes I do mean another **ECTON BIG BREAKFAST!!** Tickets are limited although there are a few left, but can I make a request that not everyone arrives between 10.30 and 11.30 causing much stress in the kitchen! _

Tickets cannot be purchased on the day

Did anyone see the transformation of the village hall in May with the addition of the huge Marque for the wedding celebrations of Amy & Steve, now Mr. & Mrs. Brock. It worked so well with the existing structure being used as the bar, if I find some space in the next issue I will put in some pictures.

Besides the ECTON BIG BREAKFAST there are a number of events coming up, there is a Pig Roast at the Grange, the school fete and if you lady golfers would like a days golf contact Nicola Buckley, details for all in this issue.

The item from the Vicarage this month seems very much concentrated on politics and the recent expenses of MP's but without an earthly solution, so I will give one. All politicians would receive an 'out of town allowance' when away from their main home complete with a generous meal allowance and travelling expenses. The out of town allowance would cover the cost of staying at a 4 star hotel and should they book into a 2 star hotel starve themselves or walk they would keep the difference. This happens normally in business. Another view I have heard is to build a 600 plus bedroom hotel where they would all have accommodation, and the higher up in rank the better the apartment. We really do not want to go back to only having politicians who can afford to be. You will never hear any more about politics from me!!!

The rear of the village hall has been improved with a new patio area, which would look better if after a cricket match rubbish was not left about, plastic bottles etc, the recycling bin is just around the corner.

If you missed the piece in last months issue about church bellringing then let me invite you to visit the tower and see the bells in action, Wednesday nights at 7.30pm is when we practice, just to see the history of the tower is worth a visit.

Life is not a journey to the grave with the intention of arriving safely in a pretty and well preserved body, but rather to skid in broadside, thoroughly used up, totally worn out, and loudly proclaiming – “WOW – What a Ride!”
