

BLADES

Sir

How disappointed we were to read that the Blades had been asked to stop flying in formation over the village - as a relatively new family in the village, we relish their presence. They rarely fly early in the morning or late at night and so to suggest they disturb people working on shifts seems a little innocuous. We live near the A4500 - a road that never sleeps and opposite The Worlds End Pub which is busy and lively particularly at weekends - but neither of these stop us from sleeping. We often stand in the garden and watch the skilled pilots perform a free display above us. Instead of moaning, as a village we should realise how lucky we are to have the Blades on our doorstep.

What a shame that the Parish Council did not ask for a wider opinion base from all the villagers to see how many really do object to the Blades flying above us in our air space - I believe it would be a small minority only who truly find them disturbing.

Our loss will be another villages' gain.

WHIST DRIVES

Due to lack of support we had our last Drive in December.
Many thanks to those who did enjoy them over many years.
The accumulated profits of several years amounted to £195
and was given to purchase the guard around the new Walnut tree.

Freda

Our meeting for this month was as expected QUIET! The minutes were read, then we had to give our vote for the resolutions."SOS for Honey Bees" got our vote, the deligate will take this vote to the AGM.

No speaker tonight just a healthy walk around the village for a few members, it was a pleasant evening to be out and about. W.I. will be having a tea party in the village hall 11th July so if you have any items for the tombola we would be very grateful, please keep an eye on the village notice boards, for more information.

2nd June we meet again, Jean Darlow is our speaker Antartic Holiday.

Denise Collacott.
